

# Create products

Via „Master data- > product master data“ you can access all known products.

Via „Create new product“ you can create products that are not yet listed.

**Neues Produkt anlegen**

First select a „client“.

For each new product a „SKU“ (article number) must be entered, the remaining fields may remain empty.

A screenshot of a form. The first field is labeled 'Mandant' and contains the text 'Firma001'. The second field is labeled 'SKU \*' and is empty. Both fields are highlighted with red boxes.

Scroll all the way down to save the new record.

**Speichern**

**Abbrechen**
